### SPA

#### Commune with nature. Or commune with yourself.

The serenity of Tahoe is enhanced by the inspired treatments of MontBleu spa. We've captured the healing powers of nature through salt scrubs and stone massage. With the sole purpose of transporting you to Tahoe's highest elevation.

### DINING

#### Regarding Tahoe, no one ever mentions the food. Not yet.

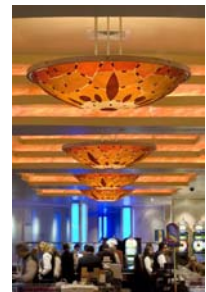

You've never had steak like this. Or fish. Or tortilla soup with spicy pork carnitas. Here you'll find the prerequisite steak house, Mexican grille, café and buffet, but there's nothing expected about them. We're challenging chefs to sharpen their butcher knives and set a new standard for cuisine. You can thank us after dessert.

### CASINO

#### Tahoe on the outside. Vegas on the inside.

Yes, we're talking gaming. And not just video poker—although we'll have that, too. This is craps, blackjack, and the latest in slot gaming technology. This is a spanking new sportsbook with a convenient game friendly deli, and a poker room worthy of celebrities. This is action so intense you may want to request a heart monitor.

### ENTERTAINMENT

#### You may not even need that fabulous king size bed.

Now there's a new reason to head to Tahoe: nightlife. Sure counting constellations is fun, but now you can do it from the comfort of a swank ultra lounge, apple martini firmly ensconced in your hand. Better pack a little black dress with those ski boots.

## MEETINGS

### **When it's time to work, it will feel like play.**

State-of-the-art audio/video capabilities plus 16,000 sq. ft. of flexible meeting and exhibit space can transform your meeting into a multi-sensory event. Our experienced staff will help you conjure up anything from an intimate strategizing session to a 950-person banquet. The Convention Center boasts a permanent boardroom with round table seating as well as 14-ft ceilings and extra large delivery doors for easy exhibit set-up.

## SETTING

### **You can still do that outdoorsy stuff.**

For water warriors, Lake Tahoe is just a short stroll away. Sail. Snorkel. Kayak. Fish. The lake offers crystal blue water so serene you'll think you're staring at a postcard. Here are a few out of water options: hiking, golf, tennis, horseback riding, and mountain biking. Snow lovers will enjoy a ski season that lasts from mid-November to mid-April with an average of 40 ft of annual snowfall and an average of 3 out of 4 perfectly sunny days per year. There's a complimentary shuttle to Heavenly Ski resort, or you can visit one of the other 15 ski areas within an hour's drive. That's 170 lifts and 23,000 acres of slopes and trails for every skill level. Not to mention Heavenly's high speed gondola just 2 blocks away.

If you have not already done so, please view our website to see our meeting space and facilities at [www.montbleuresort.com](http://www.montbleuresort.com).
